### DESCRIPTION

Cut-resistant glove with high cut protection thanks to Kevlar® fiber scraped on the palm. The hygiene of this glove is optimized thanks to the Actifresh® treatment. The service life and the thermal insulation are ensured by the double nitrile coating. Ideal for mechanical tasks, and the handling of sharp and hot objects and components. Recommended in dry or slightly oily or dirty environment.

Kevlar® brand fiber brushed palm. Blue nitrile double coating. Coated wrist

### SECTORS

- Regional/public authorities
- Infrastructure, building industry
- Construction - finishing work
- Transport (excluding manufacturing) and logistics

### APPLICATIONS

Post-press handling, working on presses and handling metal plates, stamping in oily environments, cutting and shaping metal, ceramic and plastic industry, handling composite materials after firing, post-injection handling of hot plastic parts.
